The BAF (Bunker Adjustment Factor) is a variable amount charged in addition to base freight. The amount varies per trade as specified above and is adjusted regularly depending on bunker market prices. Basic freight tariff guideline is available on Containerships web page: <http://www.containershipsgroup.com/services/terms-conditions/tariffs>. Other Bunker related surcharges, THC (Origin and Destination), Peak season charges and similar charges and Safety and Security related surcharges may also apply and are accessible at the same link.

For further information please turn to your contact person at local Containerships office.

Best regards,
 Containerships - CMA CGM GmbH
